

SnakeProtex™ durable snake gaiters are scientifically proven to protect the wearer from the world's most venomous snakes

Developed in Australia to stay safe in the great Australian outdoors

¹The new Expedition gaiter was released in June 2022 and is supplied in a bright green carry bag

- ▶ New Expedition¹ model is 43% lighter in weight
- ▶ Adjustable boot straps for a versatile fit to your work boots. Hook-&-loop top leg strap for a firm comfortable fit
- ▶ Tested to 20N (double the highest rating) for machine held hypodermic needle puncture test – ASTM F2878-10
- ▶ High quality full length zip with stiffener under the overlap ensures the gaiter does not 'ride-down' during use
- ▶ Soft polyester cotton fabric lining
- ▶ Tough outer layer ideal for walking through tough and prickly bushland
- ▶ Neutral black fabric construction throughout looks good with everyday workwear

Size	Stock Code	Circumference at Knee	Length	To fit leg circumference
